Protesting Against the Seating of Boulanger's Successful Opponent—The Germans Hang Bushiri.

PARIS, Dec. 18.—The Boulangists have convened a monster meeting to protest against the action of the Chamber of Deputies, in seating M. Jofferin, who ran against General Boulanger in the Montmarte district in Paris in the recent election. M. Marquet, whose election was declared invalid by the chamber on Monday, has gone to the island of Jersey to confer with General Boulanger concerning the course to be followed by the Boulangists.

ZANZIBAR, Dec. 18.—Further particulars of the overthrow of Bushiri, state that the Germans killed thirty of the Bushiris at the time that Bushiri was captured and escaped. When the Wasega afterward captured Bushiri in the jungle they surrendered him to Captain Wissman and received a reward of ten rupies. Bushiri was then hanged.

ZANZIBAR, Dec. 18.—The French explorer, Trivier, who crossed Africa from Loango to Quilame, has arrived here. He reports that the Portuguese in the Shire country are displaying extraordinary aggressiveness.

LONDON, Dec. 18.—Summons have been issued against Solicitor Arthur Newton, his clerk, Taylor, and intepreter, Degala, on a charge of conspiracy to defeat justice. It is understood that the solicitor obtained funds and otherwise assisted Hammond to escape to America.

ZANZIBAR, Dec. 18.—At the banquet given by Consul General Evan Smith, Stanley spoke in glowing terms of the good qualties of the Zanzibars who were with his party in the trip across Africa.

He practically gave them the credit of saving the expedition by their faithfulness and generosity. He said that while the party were on the verge of starvation in the forest, the Zanzibars collected edible fungi, and gave all to the Europeans, this alone keeping them from starving. The Zanzibars refused to touch the food until after the Europeans had eaten.

A PUGILISTIC MILL.

Austin Gibbons Knocks Out Mike Cushing in Twenty-four Rounds.

NEW YORK, Dec. 18.—Austin Gibbons, the young light-weight of Patterson, N. J., knocked out Mike Cushing, the 128-pound champion, early this morning at a resort near Stamford, Conn., in twenty-four rounds. The battle was considered by authorities, like John L. Sullivan, Joe Lannon and Billy Madden, to have been one of the most evenly contested and hard fought that has taken place in the east for years.

Nearly 400 persons were present and probably $10,000 was wagered at the ring-side. The stakes were $500 a side and a purse of $1,000 had been guranteed. Two ounce gloves were used and Queensberry rules governed.

Cushing was in poor, while Gibbons was in splendid form, and the latter made a great fight.

In the twenty-third round Cushing broke his wrist bone and in the twenty-fourth, as he could not use his broken right arm as a guard, he was knocked out completely.

NATURAL GAS EXPLOSION.

A Building Wrecked at Shelbyville, Indiana.

SHELBYVILLE, Ind., Dec. 18.—Natural gas exploded under A. L. Sparks' confectionery store last evening and wrecked the stock, together with that of a barber shop, a saloon and a harness store adjoining. The buildings were badly damaged.

A Bad Fire.

ROCKLAND, Me., Dec. 18.—Three lime kilns, one known as the old Cobb kiln, the others belonging to White & Case, together with Tibbell's station and about 2,500 feet of trestle work of the Lime Rock railroad and some railroad cars were burned this morning, at 3 o'clock.

About the same time the freight depot of the Knox and Lincoln railroad was on fire, but this was extinguished without damage. The cause was incendiary. The aggregate loss is $18,750.

Shut Down for the Winter.

READING, Pa., Dec. 18.—The well-known Joanna furnace, at Joanna, this county, and the Jones iron ore mines, near by, closed down for the winter, probably for four months. The Jones ore mines are among the oldest in the country, ore having been mined 150 years ago, and almost continually since. Nearly 1,500 tons of pig iron are stored at the furnace, which will not resume operations until its overproduction is disposed of.

THE WABASH TRAIN WRECKER

How Young Marquiss Came to Wreck the Wabash Atlantic Express.

WABASH, Dec. 18.—Yesterday William Marquiss, the Miami county lad who was arrested twelve miles north of Peru, for wrecking the Atlantic express on the Wabash railroad at Kellars, this county, last October, waived an examination, and his bond was fixed at $2,500, which he was unable to give. He is now in jail, where he weeps almost constantly. His father arrived in this city this morning, and stated to your correspondent that the day following the wreck he, suspecting that the lad had ditched the train, accused him of the crime, but his son denied it stoutly.

Further inquiry in the case reveals a startling phase of human nature and malicious intent upon railway property, without any thought as to imperiling human lives. From the confessions made at Peru to Supt. Gould, Chief Clerk LaBanta, and Detectives Furlong and Sollett, the eighteen-year-old boy did not, nor has he yet realized the enormity of his crime. When asked if he thought how many might have been killed, he said no, that had never entered his mind. His sole idea was to cause the company trouble in return for refusing him a ride.

The boy came to Peru on the day mentioned and walked to Wabash, fourteen miles, where he purchased a ticket to Peru, and he naturally built great expectations on the ride, as never before in his life had he ridden upon a train. Carelessly losing his ticket, and having no more money, he walked to Kellar's Station and there endeavored to procure one to Peru, tendering his handkerchief in payment. Being refused this, he deliberately proceeded to break the lock and spike the switch and then immediately trudged on homeward.

The complete wreck of the train and narrow escape of all is well remembered. On this handkerchief clew the detectives traced down the case and arrested the boy in the country school-room. Marquiss shows no evidence of a weak mind and was always a bright scholar, and the whole is put down as due to petty, childish spite and disappointment over the first anticipated railway ride. This explodes the theory of a gang-organization of wreckers and also that of complicity with the wreckers on the Lake Erie and Western railway at Kokomo the same night, in which three men lost their lives.

A BOOTBLACK IN TROUBLE.

Tommy King Arrested for Stealing Flour Sacks.

This morning Officer O'Ryan arrested a bootblack named Tommy King for stealing sacks from the flour and feed store of A. Kalbacher & Co., on South Calhoun street.

The lad was locked up in the police station. He will probably be sent to the reformatory.

It is said that another bootblack named Miller was accessory to the theft and the officers will arrest him if found

The Shoe Strikers.

PORTLAND, Me., Dec. 18.—A. W. Shaw & Co., to-day issued an address to the striking workmen in their Freeport shoe factory declining to submit to the interference in their business of the union or of parties from outside the state. They offer to restore as many of the strikes as they can find places for, and for six months to come to submit matters of personal grievances to a committee selected by Freeport citizens.

The union men employed in the shoe factory of Shaw, Goding & Co., of this city went out on a strike this morning. The firm refuses to recogize the union in any way.

The Sugar Trust.

HARTFORD, Conn., Dec. 18.—The reports from New York that the sugar trust has prepared to transfer its assets to a new corporation if the Court of Appeals pronounces the trust illegal is known here to indicate that the trust will seek refuge within the sheltering arms of the Commonwealth refining company, which was chartered by the Connecticut legislature last winter.

The home office of the company is fixed at New Haven by the charter, but all the principal business may be transacted in New York. The capital stock is $1,000,000, and may be increased $2,000,000.

Mr. Finis Cartwright, formerly superintendent of the Olds wagon works in this city, is now at Louisville, Ky., and is a prominent stockholder in the Cartwright wagon works.

CALLS FOR VENGEANCE.

A Woman, Standing Over the Body of Her Murdered Husband, Asks That His Death be Avenged.

COLFAX, Wash., Dec. 18.—This town is wild over the murder of Thomas Click, a young farmer, by Ben Blanton, an ex convict and desperado. As Click and two neighbors were passing the court house, Blanton rushed out and began firing. Click was mortally wounded and the others had narrow escapes.

Click and his friends were witnesses against Blanton, who was being tried for assault with a knife. After Click's death, his wife, standing over his dead body, implored his friends to revenge his death. There is a standing guard over Blanton, but the chances are that he will be lynched.

MYSTERIOUS MURDER.

LAMAR, Mo., Dec. 18.—The body of a handsome and fashionably attired young woman, who had evidently been murdered, was found in the woods near town, Sunday evening, by some boys. The remains were at once brought to town and every effort is being made to solve the dark mystery.

The woman's skull was crushed and black and blue spots on the throat showed that she had been choked. The dress was of silk and all the clothing of the finest make and material but there was nothing by which to identify the beautiful victim. The pockets contained no article except a delicately scented white linen handkerchief. The hands are small and finely shaped, and one finger appears to have been slightly marked by a ring. The palms are evidently those of a person not accustomed to work, while the nails are well kept.

Everything indicates that the victim was a person of refinement. Hundreds of persons viewed the body yesterday, but no one could be found who had ever seen the woman before.

MAY LYNCH HIM.

CAIRO, Ill., Dec. 18.—Levi James, a negro, who murdered James Garvin, a brakeman on the Illinois Central railroad, at Fulton, Ky., was captured a few days ago by a negro detective, in Arkansas, who wired that the prisoner would reach Fulton Monday night.

The arrival of the 7 p. m. train found a posse of citizens prepared to string the prisoner to the first convenient tree. The city marshal gave the alarm at the water tank, some distance down the track, and the prisoner was taken off and transferred to a safe place in the country. The crowd was indignant and scoured the adjacent country in vain. The prisoner will be lyncned if brought to Fulton for trial.

PARIS, Ky., Dec. 18.—Pat Hunt was hanged at 10:15 this morning.

GONE TO CANADA.

An Ex-Mayor, of Coldwater, Mich., Proves a Big Defaulter.

COLDWATER, Mich., Dec. 18.—Ex-mayor P. H. Nichols has suddenly disappeared, leaving behind him debts amounting up toward $40,000, and it is believed he has gone to Canada to reside permanently.

It is alleged that his business methods have impoverished several families, among them needy widows, old soldiers, and others. His home on Marshall street is vacant, the furniture removed, and his books are in the possession of the sheriff.

Trains Collide.

CINCINNATI, Dec. 18.—Passenger train No. 10, on the Big Four road, bound here from Indianapolis, collided with a freight at McCoy's station, about sixty miles from this city, last night. Rumors reached this city that many lives were lost, but up to this hour (9 o'clock) there has been no confirmation of the reports.

One report put the number of casualties at twenty. At the train dispatcher's office it is not believed any people are hurt.

LATER.

Both engines were wrecked and several cars derailed.

The engineers and firemen escaped by jumping. No one was injured.

Want More Rights.

RICHMOND, Va., Dec. 18.—Last night, at a conference of leading colored men from various sections of the state, held here, a preamble and resolutions were adopted memorializing congress to pass a general election law, which would guarantee them a better right of suffrage than they now enjoy.

Able, eloquent, fluent and pleasing you will find Dr. McGlynn, at the Academy to-night.

LOCAL LINES.

Dr. Neal Hardy, of Upper Sandusky, Ohio, is in the city.

Mr. Ed White has returned home from his foreign trip.

Mr. G. B. Wylie, of the Indianapolis *Journal*, is the guest of Mr. W. D. Page and family.

Mrs. Mary Rauner, of the St. Joe road, who had a severe attack of facial neuralgia, is a little better.

Miss Polly Gross, of the west end, will leave the latter part of this week for Grand Rapids on a visit.

Mrs. M. T. Jones, of Brackenridge street, entertained at tea last evening Mrs. H. J. Rosseter and Miss Francis Irene Fry.

Father Delaney's efforts to make the amusement rooms of Library hall more attractive than ever meet with approval. His work is not in vain.

Mr. Daniel Whitmer, driver of the U. S. mail wagon, is on duty again, after being confined to his home at 20 Baker street several days by illness.

The Ryan Bros. have purchased as an addition to their transfer business, another team of draft horses from Farmer Getz, of this county.

Jacob Martin and Lottie Martin, George D. Johnson and Maggie E. Perkins and Julius W. Baird and Sarah L. Ward have been licensed to wed.

Dr, U. G. Lipes has decided not to locate at Andrews, Ind., as he contemplated. He may accept a position at Cleveland, Ohio, the first of the year.

Mr. Ed. Logan, who does colored specialties on the stage, will leave for Cincinnati to join Nelson's World combination Sunday night. Mr. Logan is a Fort Wayne boy.

Mrs. Hallahan, of Fort Wayne, formerly from Dayton, Ohio, is soon to move to the state of Washington, where, with the aid of Miss Ola Sriner, she will open a dressmaking school.

The county commissioners are still considering as to the most advisable action to take in the suit for damages brought by reason of the giving way of a bridge at Zanesville.

The Rifles are about to secure a lease of the second floor of the Siemon building, opposite the cathedral, in the third floor of which building is located their armory. The new rooms will be fitted for their own use and to let out for social purposes. The improvement will be accomplished at some expense, but the boys expect to be repaid in time.

Prof. J. A. Macdonnell, who drilled the dancers for the Kirmess, has at hand letters from several different places soliciting his service in the art he is so proficient in. The most encouraging of these, perhaps, is one from Columbus, Ga., where he is likely to go because of the favorable conditions of weather. The professor commands good remuneration for his work.

Governor Hovey yesterday directed that Harry Burgess, recently sentenced to two years' imprisonment in the penitentiary by the circuit court of Hancock county, be transferred to the Reform school at Plainfield. Burgess was caught with the Adams and Daily gang of burglars and is under eighteen years of age. He will be held at the Reform school until he attains his majority.

The humane society is inactive. The society was organized and duly incorporated in December, 1887. There is at present an amount of money in bank to the credit of the society, but since Attorney M. L. Graff and Treasurer F. H. Barnard, who were members, moved from the city, no effort seems to have been made to accomplish any work. There is need of an active humane society.

On or previous to January 1, Mr. Tony Trentman will have the excavation for his new building commenced. The room formerly occupied by Herman Krohne and the one now tenanted by Fred Kimball stand upon the site for the new building, but the work of razing them will begin upon the removal of Mr. Kimball's stock to the store vacated by S. A. Karn. Mr. Kendrick has the plans for the building, which will be of brick, 40x60, and three stories high.

His physician says that he is not broken down, as claimed in dispatches from Washington, but instead is better than when he went there.

SAN FRANCISCO, Dec. 18.—The peculiar way in which the administration is aiding in the exclusion of Chinese was shown yesterday by the receipt from Washington, of the dismissal of Inspectors Reynolds, Rickards and Connelly, all of whom have been specially zealous in exposing the frauds of Chinese, who tried to get admittance as merchants and prior residents.

Inspector Reynolds recently revealed an attempt made by a Chinese briber to induce him to deliver to the Mongolian some custom house records, by which he could have landed many Chinese. DR. McGLYNN.

The Distinguished Labor Orator at the Academy To-night.

Dr. McGlynn, one of the ablest orators of the country, will lecture this evening at the Academy of Music on the subject, "How to Abolish Poverty."

The doctor is a staunch defender of the labor cause and for years has engaged in the work of lecturing. He advocates views similar to those of Henry George. He is a logical, eloquent, and forcible speaker, and those who hear the distinguished orator will be charmed with his pleasing way of presenting his theme.

He is the guest of the Wayne hotel, where those wishing to meet the distinguished unfrocked priest can call.

Dr. McGlynn is brought here by the Trades and Labor council of this city and should be given a warm reception and a good audience to-night.

SURRENDERS HIS STAR.

Officer Wahrenburg Is Dismissed From the Police Force.

While it was anticipated to happen some time it was not expected that Officer Wahrenburg would be dismissed with the promptness that was made manifest by the police commissioners last night.

Mayor Harding presided at the meeting. The record of the officer was examined into and it was soon decided to dismiss the officer, and they voted to that effect.

Whatever may be said of Wahrenburg he made a wide-awake and sober officer. His one great fault was his hasty judgment in making arrests.

It is understood the case against John Malen, which was dismissed, was the crowning error of Mr. Wahrenburg. That case was not investigated to the bottom.

Mr. Wahrenburg has a wife and large family dependent on him for support.

SUPT. METHEANY DEAD.

A Prominent Railroad Official and Former Fort Wayne Citizen Expires.

The following brief telegram was received at the offices of the Grand Rapids and Indiana railroad in this city to-day:

"Superintendent Metheany died this morning."

This news was received with sad surprise in railroad circles and by others who knew him.

Mr. Metheany got his start in this city and lived here years ago. His first work for a railroad company in this city was operator for the Pennsylvania company. He rose to the position of superintendent of the southern division of the Grand Rapids and Indiana railroad and upon his transfer to the northern division he was succeeded by Mr. P. S. O'Rourke, the present officer.

Mr. Metheany was also at one time a bookkeeper for Mr. M. E. Woodward, now of Pixley & Co., and their store was situated where the Hamilton bank now is.

His age was about fifty years. He died from heart trouble. Two children, son and daughter, both married, survive him, besides his aged mother.

A special car arrived from Grand Rapids this morning to convey the latter to her dying son's bedside, but ere its arrival he was dead. The car left this afternoon having on board Mrs. Metheany and Misses Josephine and Louvie E. Strong, of 128 East Main street, which family has been intimate.

The funeral arrangements will be announced hereafter. A number from this city will attend the obsequies.

SUMMER AND WINTER.

Both Are Picturesquely Represented in Root and Company's Windows.

Mr. W. H. Brady, in his conception of dressing the show windows of Root & Company with winter and summer scenes, has captured the popular idea.

In the south window is a summer scene. A fountain is constructed of handkerchiefs, in the center of which real streams of sparkling water playfully rise and fall. At the base ever and anon appears a train of cars pulled by a real miniature steam engine.

In the north window is a winter scene, where old Santa is in the act of going down the chimney. All around is snow, and in the background is a beautiful city, with its blazing lights as far as the eye can see. The painting that adds to this window setting so realistically is from the brush of Kover.

Miss Clara Klinkel observed her eighth birthday yesterday and in remembrance of it she received as a present a beautiful piano from her father, Mr. Michael Klinkel, the well-known Richmond conductor.

THE tallest chimney in America is just completed at the Fall River iron works, Massachusetts. It is 340 feet high above the granite base and will furnish draught for four factories. Probably the tallest chimney in the world is at Paisley, Scotland—over 500 feet high.

A BILL will be introduced in the house of congress appropriating $60,000 for the completion of the soldiers' monument at Indianapolis. It is believed advisable to have a member from another state to introduce the measure, but if no one will give it paternal attention General Browne will introduce the bill.

THE senate committee on pensions yesterday had up the dependent pension bill and referred it to a sub-committee consisting of Chairman Davis, Senators Moody and Faulkner for report at the next meeting. A favorable report was ordered on the nomination of Charles P. Lincoln, to be second deputy commissioner of pensions.

GOVERNOR-ELECT CAMPBELL, of Ohio, answers decisively in the negative the proposition of an enthusiastic friend who suggests his name for United States Senator. He says that so long as the lieutenant-governorship is in doubt, with the possibility of a republican holding the place, he would not consider himself eligible for the senatorship. Moreover, under no circumstances would he accept the senatorial position, a determination he announced before his election as governor.

THE supreme court of this state has just rendered the following decision: A county is liable for an injury sustained by one in the lawful use of a public bridge belonging to or in charge of the county, where the county authorities negligently suffer the bridge to become unsafe by the failure to exercise ordinary care in building or repairing it. But in order to sustain a recovery the plaintiff must show that the unsafe condition of the bridge was the proximate cause of the injury. While the complaint in this case shows that the plaintiff's horse was injured, there is no averment connecting the two facts, and for this reason the complaint is bad.

HAMILL HUSTLED.

A House-Breaker Sentenced to a Term of Two Years.

Sunday evening Arthur Hamill and young Kirkham, a chum, broke into the store of Horace Mariotte, securing about $20 in money. Both were arrested and Kirkham peached on Hamill.

Yesterday afternoon Hamill was arraigned before Judge O'Rourke who sentenced him to a term of two years in the penitentiary.

A MUD BATH.

A Runaway Which Almost Resulted Fatally to a Child.

Last night a farmer by the name of Wilhelm, living north of the city, was driving home about 10 o'clock. When some five miles from the city his team became frightened and ran away. It was dark and the mud a foot deep. His wife and twelve-months-old baby were thrown out of the wagon and owing to the darkness and confusion of the runaway, the farmer did not miss their absence until he had got the team under control a mile or more away. In falling out of the wagon the mother and baby became separated and before the child could be found it had almost been smothered to death, as it was completely enveloped with mud when found. The mother escaped injury.

FOR THE SENTINEL.

THE BRAVE WATCHMAN.

The December winds are blowing,
The queen of night, star crowned,
Had thrown her mantle of darkness
And silence all around.

No sound the stillness stirring,
But the even, solemn tread
Of the watchman whose noted courage
Fills the wrong doer's heart with dread.

Suddenly the footsteps halt!
The watchman danger scents!
"That man's no business over there,"
He to himself comments.

The man upon a corner stands,
Anxiously glancing 'round;
"Why does he so uneasy act?
Some mischief, I'll be bound."

And so our brave old watchman true,
Sends in a prompt alarm;
And with his billy straight proceeds
"The scoundrel" to disarm.

Behold! What bravery! All alone
He to the combat goes,
All protestations are in vain,
He's "heard such gags as those."

And quickly round the corner swings
The "Lily" with clatter and din.
And dazed, bewildered, the "scoundrel vile"
Is hurriedly hustled in.

And now my friends, that I have kept
You thus far in suspense,
The truth to you I now will tell,
Of this poor man's offence.

It chanced that his return that night
Was late; and his home far,
And on that fatal corner he
Had lingered for his car.

Is worth a column of rhetoric, said an American statesman. It is a fact, established by the testimony of thousands of people, that Hood's Sarsaparilla does cure scrofula, salt rheum, and other diseases or affections arising from impure state or low condition of the blood. It also overcomes that tired feeling, creates a good appetite, and gives strength to every part of the system. Try it.

CATARRH,
Catarrhal, Deafness--Hay Fever--A New Home Treatment.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks.

N. B.—This treatment is not a snuff or an ointment; both have been discarded by reputable physicians as injurious. A pamphlet explaining this new treatment is sent free on receipt of stamp to pay postage, by A. H. Dixon & Son, 337 and 339 West King street, Toronto, Canada.—*Christian Advocate.*

Sufferers from Catarrhal troubles should carefully read the above.

John C. Rice, one of the partners in "My Aunt Bridget," is one of the most versatile actors on the stage to-day and a great favorite with the ladies. He is a splendid dancer, a good singer, and right in the front rank of comedians. He and Monroe divide the honors of the entertainment.

There is a dance by four people in "My Aunt Bridget," which receives four and five encores nightly. Fancy Lena Melville, Little Nellie Rosebud, John C. Rice and W. A. Mack. What a terpsichoream quartette!

John J. Raffael, who plays Alton's college chum, is a handsome young man with a superb baritone voice, which he uses to good advantage in the second act of "My Aunt Bridget." He never fails to get two and three encores.

Little Nellie Rosebud is one of the prettiest little soubrettes on the American stage, and a very clever actress and dancer into the bargain. Her work in "My Aunt Bridget" has gained for her more friends than anything in which she has heretofore appeared.

Baby one Solid Rash
Ugly, painful blotches, malicious. No rest by day, no peace by night. Doctors and all remedies failed. Tried Cuticura. Effect marvellous. Saved his life.

Cured by Cuticura.

Our oldest child, now six years of age, when an infant six months old was attacked with a virulent, malignant skin disease. All ordinary remedies failing, we called our family physician, who attempted to cure it; but it spread with almost incredible rapidity, until the lower portion of the little fellow's person, from the middle of his back down to his knees, was one solid rash, ugly, painful, blotched and malicious. We had no rest at night, no peace by day. Finally, we were advised to try the Cuticura Remedies. The effect was simply marvelous. In three or four weeks a complete cure was wrought, leaving the little fellow's person as white and healthy as though he had never been attacked. In my opinion, your valuable remedies saved his life, and to-day he is a strong, healthy child, perfectly well, no repetition of the disease having ever occurred. GEO. B. SMITH.

Boy Covered with Scabs.

My boy, aged nine years, has been troubled all his life with a very bad humor, which appeared all over his body in small red blotches, with a dry white scab on them. Last year he was worse than ever, being covered with scabs from the top of his head to his feet, and continually growing worse, although he had been treated by two physicians. As a last resort, I determined to try the Cuticura Remedies, and am happy to say they did all that I could wish. Using them according to directions, the humor rapidly disappeared, leaving the skin fair and smooth, and performing a thorough cure. The Cuticura Remedies are all you claim for them. They are worth their weight in gold.

M'DONALD MIRRORED!

The Manager of the Fort Wayne Electric Company Sketched--Flashes From the Busy Centers.

The most notable, perhaps, of Fort Wayne's busy industries is the Jenney Electric Light company.

Its light is world-famed and sheds its brilliancy in many of the great cities of this nation, winning laurels wherever it goes.

Its general manager is the subject of the sketch—Ronald T. McDonald.

He was born in Allegheny City, Pa., and came to this city, with his father, in 1860. At the age of fifteen years, fired with the patriotism of the times, in 1864, he enlisted as a soldier in the 152d Indiana infantry and served until the war closed, retiring with the rank of sergeant major.

Upon his return to this city he entered the dry goods business as a clerk, becoming afterwards a member of the firm of Evans, McDonald & Co., and retired in 1881, to engage in the electric light business.

He brought to the position of general manager of the electrical company all those qualities of energy and enterprise which had distinguished him in business and from the very first year of his connection with it the Jenny company has prospered and to-day it is an immense establishment and is the pride of the city.

Mr. McDonald is a man of forty years of age. Devoted to the establishment whose business interests he controls and which demands his time and talents, he is one of the most prominent men in the electric light industries of the country and takes an interest in the affairs of the city. He is social, pleasant and popular and commands a wide circle of friends. Business push is his characteristic. Under his management the dark hours in the "Jenny's" history came. In a single night, a little over a year ago, the great industry was made a mass of smouldering ruins. The fire demon was a visitor at the works, and when our citizens gazed the next morning on the spot where its buildings stood when the sun set the evening before, nothing but crumbled and blackened walls met their sight. To-day they have grander and more commodious buildings than ever, and the "Jenney" can meet in the field and defeat, for the brilliancy and excellence of its light, any of its competitors.

This, to a great extent, is the result of the business push and energy of Manager McDonald.

TRYING TO SHUT OUT THE WABASH.

The Wabash Railway company began suit in the circuit court at Chicago Monday, against the Chicago and Western Indiana or Belt Lane company. The Wabash people say that the defendants have given them notice that in the future they must refrain from using the tracks between Hammond, Ind., and Auburn Junction, belonging to the Belt Line. This, the bill says, will cut off the route of the Wabash line to Detroit, and greatly injure that company's business.

The complainants allege that a conspiracy has been formed between the Western Indiana and the Chicago and Eastern Illinois, Grand Trunk and other companies which use the Belt line's track, against the Wabash. The bill asks for an injunction restraining the defendants from taking any steps toward preventing the complainants from using the tracks.

The main contention of the Western Indiana people is on a clause in the contract which prohibits any of the lessees from using the tracks to give other roads an ingress to Chicago. The Western Indiana claims that when the contract was made, in 1879, it only contemplated an entrance into Chicago from St. Louis, and, in seeking a connection for its Detroit division, it is practically violating the clause in the contract which prohibits entrance to a new and competing line.

THE LOCAL BUDGET.

The eight hour movement is gaining force in many localities.

Martin Quay, of the Pittsburg blacksmith shops, is on the sick list.

Superintendent Gorham, of the Nickel Plate, was at Chicago yesterday.

F. J. Kanaga, baggage-master at the Pittsburg, Fort Wayne and Chicago railroad, is at Chicago.

G. C. Chambers, of Peoria, Ill., freight and passenger agent, of the Santa Fe route, is in the city.

Jerry Foley has resigned his position at the Jenney and is now employed at the Fort Wayne organ factory.

The ticket scalpers seemingly have a spite against the Pennsylvania lines, and have been gathering up mileage tickets of these lines, paying face value for them over to competitors as evidence that the Pennsylvania is dealing with scalpers.

A new Railroad Young Men's Christian Association building was dedicated at Albany, N. Y., last Sunday.

Louis Rodebaugh, spoke turner at White's wheel works, who has been ill for the past week, has returned to work.

F. Dagets, of the Kerr-Murray works, who has been suffering from injuries received to his foot, has returned to work.

Officer O'Ryan, the policeman at the railroad, found a satchel last night which the owner can have by proving property.

The Pittsburg blacksmith shops have started on a new order for material for 150 gondola cars. The department is working a full force ten hours.

A sixteen-page folio pamphlet has been issued from the headquarters of the National Electric Light association, at New York, giving details of the eleventh convention and annual meeting of the association, to be held in Kansas City, February 11 to 14 inclusive.

A special train, carrying the Vanderbilt party, on Friday last made the run from Fort Wayne to Toledo, over the air-line division of the Lake Shore, in two hours and thirty-eight minutes; distance, 136 miles. Extensive repairs have been made to this division the last year, and the Vanderbilt party were desirous of testing its safety for fast running.

The shipments of flour, grain and provisions from Chicago to the seaboard by the lines in the Central Traffic association, last week, aggregated 66,824 tons, against 47,704 for the week previous, an increase of 19,120 tons, and against 77,125 for the corresponding week last year, a decrease of 10,301 tons. The Vanderbilt lines carried 44.5 per cent. of the business, the Pennsylvania lines 22.3, the Chicago and Grand Trunk 16.3, and the Baltimore and Ohio 16.9.

The Jackson Wheel company of Jackson, Mich, has been merged into an organization composed of six of the largest wheel establishments in the country, consisting of the Sandusky Wheel company, of Sandusky, Ohio; Keyes Wheel company, of Terre Haute, Ind.; N. G. Olds & Co., Fort Wayne, Ind.; Woodburn & Sarven Wheel company, of Indianapolis, Ind.; Wapakoneta Wheel company, Wapakoneta, O.; and the Hoopes Brothers and Darlington Co., of West Chester, Pa. The new company will be known as the American Wheel company, and its main offices will be in Chicago.

Rheumatism is caused by lactic acid in the blood, which Hood's Sarsaparilla neutralizes, and thus cures rheumatism.

Hypocrisy is the necessary burden of villiany.—Dr. Johnson.

The most obstinate cases of catarrh are cured by the use of Ely's Cream Balm, the only agreeable remedy. It is not a liquid or snuff, is easily applied into the nostrils. For cold in the head it is magical. It gives relief at once. Price 50 cents.

"STOP"—Nature Has a Cure.

EATON RAPIDS, Mich.

J. M. LOOSE RED CLOVER Co., Detroit:—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, and in their diagnosis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract of Red Clover, as he had known of its working remarkable cures. I told him I had lost hope, that nothing would do me any good in the world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterward I sent for two more bottles, and it is wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence. Yours truly,

HENRY MARVIN.

A Praiseworthy Act.

To the Editor of the Sentinel:

In your issue of last evening you refer to a prominent doctor taking a young lady from a "big fellow," and looking her in his office. A braver or more honorable act was never done by any man than was done by this little doctor and he should be praised for it. The girl was innocent. The reputation of the big fellow is bad among all who know him and he needed just the rebuke and exposure the doctor gave him.

W. W. CHAMBERLAIN,

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1. We certainly would advise a trial. It may save you from consumption.

Mr. Moore, the postmaster at Bradshaw, Va., after reading an advertisement of Chamberlain's Colic, Cholera and Diarrhœa Remedy, concluded to try a small bottle of it. He says: "I used it in two cases for colic and three for diarrhœa with perfect satisfaction. One dose gave relief in every case but one, and that was a bad case of colic and required the second dose. I have handled a great deal of patent medicine as agent and for my own use, but never tried any that gave as good results as 'Chamberlain's Colic, Cholera and Diarrhœa Remedy.' For sale at 25 and 50 cents per bottle by George H. Loesch.

Worth Hundreds of Dollars.

My wife only used 2 bottles of "Mother's Friend" before her third confinement. Says she would not be without it for hundreds of dollars. Had not half as much trouble as before. DOCK MILES, Lincoln Parish, La. Write The Bradfield Regulator Co., Atlanta, Ga., for further particulars. Sold by all druggists.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

Protesting Against the Seating of Boulanger's Successful Opponent--The Germans Hang Bushiri.

PARIS, Dec. 18.—The Boulangists have convened a monster meeting to protest against the action of the Chamber of Deputies, in seating M. Jofferin, who ran against General Boulanger in the Montmarte district in Paris in the recent election. M. Marquet, whose election was declared invalid by the chamber on Monday, has gone to the island of Jersey to confer with General Boulanger concerning the course to be followed by the Boulangists.

ZANZIBAR, Dec. 18.—Further particulars of the overthrow of Bushiri, state that the Germans killed thirty of the Bushiris at the time that Bushiri was captured and escaped. When the Wasega afterward captured Bushiri in the jungle they surrendered him to Captain Wissman and received a reward of ten rupies. Bushiri was then hanged.

ZANZIBAR, Dec. 18.—The French explorer, Trivier, who crossed Africa from Loango to Quilamo, has arrived here. He reports that the Portuguese in the Shire country are displaying extraordinary aggressiveness.

LONDON, Dec. 18.—Summons have been issued against Solicitor Arthur Newton, his clerk, Taylor, and interpreter, Degala, on a charge of conspiracy to defeat justice. It is understood that the solicitor obtained funds and otherwise assisted Hammond to escape to America.

ZANZIBAR, Dec. 18.—At the banquet given by Consul General Evan Smith, Stanley spoke in glowing terms of the good qualties of the Zanzibars who were with his party in the trip across Africa.

He practically gave them the credit of saving the expedition by their faithfulness and generosity. He said that while the party were on the verge of starvation in the forest, the Zanzibars collected edible fungi, and gave all to the Europeans, this alone keeping them from starving. The Zanzibars refused to touch the food until after the Europeans had eaten.

A PUGILISTIC MILL.

Austin Gibbons Knocks Out Mike Cushing in Twenty-four Rounds.

NEW YORK, Dec. 18.—Austin Gibbons, the young light-weight of Patterson, N. J., knocked out Mike Cushing, the 128-pound champion, early this morning at a resort near Stamford, Conn., in twenty-four rounds. The battle was considered by authorities, like John L. Sullivan, Joe Lannon and Billy Madden, to have been one of the most evenly contested and hard fought that has taken place in the east for years.

Nearly 400 persons were present and probably $10,000 was wagered at the ring-side. The stakes were $500 a side and a purse of $1,000 had been guaranteed. Two ounce gloves were used and Queensberry rules governed.

Cushing was in poor, while Gibbons was in splendid form, and the latter made a great fight.

In the twenty-third round Cushing broke his wrist bone and in the twenty-fourth, as he could not use his broken right arm as a guard, he was knocked out completely.

NATURAL GAS EXPLOSION.

A Building Wrecked at Shelbyville, Indiana.

SHELBYVILLE, Ind., Dec. 18.—Natural gas exploded under A. L. Sparks' confectionery store last evening and wrecked the stock, together with that of a barber shop, a saloon and a harness store adjoining. The buildings were badly damaged.

A Bad Fire.

ROCKLAND, Me., Dec. 18.—Three lime kilns, one known as the old Cobb kiln, the others belonging to White & Case, together with Tibbell's station and about 2,500 feet of trestle work of the Lime Rock railroad and some railroad cars were burned this morning, at 3 o'clock.

About the same time the freight depot of the Knox and Lincoln railroad was on fire, but this was extinguished without damage. The cause was incendiary. The aggregate loss is $18,750.

Shut Down for the Winter.

READING, Pa., Dec. 18.—The well-known Joanna furnace, at Joanna, this county, and the Jones iron ore mines, near by, closed down for the winter, probably for four months. The Jones ore mines are among the oldest in the country, ore having been mined 150 years ago, and almost continually since. Nearly 1,500 tons of pig iron are stored at the furnace, which will not resume operations until its overproduction is disposed of.

THE WABASH TRAIN WRECKER

How Young Marquiss Came to Wreck the Wabash Atlantic Express.

WABASH, Dec. 18.—Yesterday William Marquiss, the Miami county lad who was arrested twelve miles north of Peru, for wrecking the Atlantic express on the Wabash railroad at Kellars, this county, last October, waived an examination, and his bond was fixed at $2,500, which he was unable to give. He is now in jail, where he weeps almost constantly. His father arrived in this city this morning, and stated to your correspondent that the day following the wreck he, suspecting that the lad had ditched the train, accused him of the crime, but his son denied it stoutly.

Further inquiry in the case reveals a startling phase of human nature and malicious intent upon railway property, without any thought as to imperiling human lives. From the confessions made at Peru to Supt. Gould, Chief Clerk LaBanta, and Detectives Furlong and Sollett, the eighteen-year-old boy did not, nor has he yet realized the enormity of his crime. When asked if he thought how many might have been killed, he said no, that had never entered his mind. His sole idea was to cause the company trouble in return for refusing him a ride.

The boy came to Peru on the day mentioned and walked to Wabash, fourteen miles, where he purchased a ticket to Peru, and he naturally built great expectations on the ride, as never before in his life had he ridden upon a train. Carelessly losing his ticket, and having no more money, he walked to Kellar's Station and there endeavored to procure one to Peru, tendering his handkerchief in payment. Being refused this, he deliberately proceeded to break the lock and spike the switch and then immediately trudged on homeward.

The complete wreck of the train and narrow escape of all is well remembered. On this handkerchief clew the detectives traced down the case and arrested the boy in the country school-room. Marquiss shows no evidence of a weak mind and was always a bright scholar, and the whole is put down as due to petty, childish spite and disappointment over the first anticipated railway ride. This explodes the theory of a gang-organization of wreckers and also that of complicity with the wreckers on the Lake Erie and Western railway at Kokomo the same night, in which three men lost their lives.

A BOOTBLACK IN TROUBLE.

Tommy King Arrested for Stealing Flour Sacks.

This morning Officer O'Ryan arrested a bootblack named Tommy King for stealing sacks from the flour and feed store of A. Kalbacher & Co., on South Calhoun street.

The lad was locked up in the police station. He will probably be sent to the reformatory.

It is said that another bootblack named Miller was accessory to the theft and the officers will arrest him if found

The Shoe Strikers.

PORTLAND, Me., Dec. 18.—A. W. Shaw & Co., to day issued an address to the striking workmen in their Freeport shoe factory declining to submit to the interference in their business of the union or of parties from outside the state. They offer to restore as many of the strikes as they can find places for, and for six months to come to submit matters of personal grievances to a committee selected by Freeport citizens.

The union men employed in the shoe factory of Shaw, Goding & Co., of this city went out on a strike this morning. The firm refuses to recognize the union in any way.

The Sugar Trust.

HARTFORD, Conn., Dec. 18.—The reports from New York that the sugar trust has prepared to transfer its assets to a new corporation if the Court of Appeals pronounces the trust illegal is known here to indicate that the trust will seek refuge within the sheltering arms of the Commonwealth refining company, which was chartered by the Connecticut legislature last winter.

The home office of the company is fixed at New Haven by the charter, but all the principal business may be transacted in New York. The capital stock is $1,000,000, and may be increased $2,000,000.

Mr. Finis Cartwright, formerly superintendent of the Olds wagon works in this city, is now at Louisville, Ky., and is a prominent stockholder in the Cartwright wagon works.

CALLS FOR VENGEANCE.

A Woman, Standing Over the Body of Her Murdered Husband, Asks That His Death be Avenged.

COLFAX, Wash., Dec. 18.—This town is wild over the murder of Thomas Click, a young farmer, by Ben Blanton, an ex convict and desperado. As Click and two neighbors were passing the court house, Blanton rushed out and began firing. Click was mortally wounded and the others had narrow escapes.

Click and his friends were witnesses against Blanton, who was being tried for assault with a knife. After Click's death, his wife, standing over his dead body, implored his friends to revenge his death. There is a standing guard over Blanton, but the chances are that he will be lynched.

MYSTERIOUS MURDER.

LAMAR, Mo., Dec. 18.—The body of a handsome and fashionably attired young woman, who had evidently been murdered, was found in the woods near town, Sunday evening, by some boys. The remains were at once brought to town and every effort is being made to solve the dark mystery.

The woman's skull was crushed and black and blue spots on the throat showed that she had been choked. The dress was of silk and all the clothing of the finest make and material but there was nothing by which to identify the beautiful victim. The pockets contained no article except a delicately scented white linen handkerchief. The hands are small and finely shaped, and one finger appears to have been slightly marked by a ring. The palms are evidently those of a person not accustomed to work, while the nails are well kept.

Everything indicates that the victim was a person of refinement. Hundreds of persons viewed the body yesterday, but no one could be found who had ever seen the woman before.

MAY LYNCH HIM.

CAIRO, Ill., Dec. 18.—Levi James, a negro, who murdered James Garvin, a brakeman on the Illinois Central railroad, at Fulton, Ky., was captured a few days ago by a negro detective, in Arkansas, who wired that the prisoner would reach Fulton Monday night.

The arrival of the 7 p. m. train found a posse of citizens prepared to string the prisoner to the first convenient tree. The city marshal gave the alarm at the water tank, some distance down the track, and the prisoner was taken off and transferred to a safe place in the country. The crowd was indignant and scoured the adjacent country in vain. The prisoner will be lynched if brought to Fulton for trial.

PARIS, Ky., Dec. 18.—Pat Hunt was hanged at 10:15 this morning.

GONE TO CANADA.

An Ex-Mayor, of Coldwater, Mich., Proves a Big Defaulter.

COLDWATER, Mich., Dec. 18.—Ex-mayor P. H. Nichols has suddenly disappeared, leaving behind him debts amounting up toward $40,000, and it is believed he has gone to Canada to reside permanently.

It is alleged that his business methods have impoverished several families, among them needy widows, old soldiers, and others. His home on Marshall street is vacant, the furniture removed, and his books are in the possession of the sheriff.

Trains Collide.

CINCINNATI, Dec. 18.—Passenger train No. 10, on the Big Four road, bound here from Indianapolis, collided with a freight at McCoy's station, about sixty miles from this city, last night. Rumors reached this city that many lives were lost, but up to this hour (9 o'clock) there has been no confirmation of the reports.

One report put the number of casualties at twenty. At the train dispatcher's office it is not believed any people are hurt.

LATER.

Both engines were wrecked and several cars derailed.

The engineers and firemen escaped by jumping. No one was injured.

Want More Rights.

RICHMOND, Va., Dec. 18.—Last night, at a conference of leading colored men from various sections of the state, held here, a preamble and resolutions were adopted memorializing congress to pass a general election law, which would guarantee them a better right of suffrage than they now enjoy.

Able, eloquent, fluent and pleasing you will find Dr. McGlynn, at the Academy to-night.

LOCAL LINES.

Dr. Neal Hardy, of Upper Sandusky, Ohio, is in the city.

Mr. Ed White has returned home from his foreign trip.

Mr. G. B. Wylie, of the Indianapolis *Journal*, is the guest of Mr. W. D. Page and family.

Mrs. Mary Rauner, of the St. Joe road, who had a severe attack of facial neuralgia, is a little better.

Miss Polly Gross, of the west end, will leave the latter part of this week for Grand Rapids on a visit.

Mrs. M. T. Jones, of Brackenridge street, entertained at tea last evening Mrs. H. J. Rossetter and Miss Francis Irene Fry.

Father Delaney's efforts to make the amusement rooms of Library hall more attractive than ever meet with approval. His work is not in vain.

Mr. Daniel Whitmer, driver of the U. S. mail wagon, is on duty again, after being confined to his home at 20 Baker street several days by illness.

The Ryan Bros. have purchased as an addition to their transfer business, another team of draft horses from Farmer Getz, of this county.

Jacob Martin and Lottie Martin, George D. Johnson and Maggie E. Perkins and Julius W. Baird and Sarah L. Ward have been licensed to wed.

Dr. U. G. Lipes has decided not to locate at Andrews, Ind., as he contemplated. He may accept a position at Cleveland, Ohio, the first of the year.

Mr. Ed. Logan, who does colored specialties on the stage, will leave for Cincinnati to join Nelson's World combination Sunday night. Mr. Logan is a Fort Wayne boy.

Mrs. Hallahan, of Fort Wayne, formerly from Dayton, Ohio, is soon to move to the state of Washington, where, with the aid of Miss Ola Sriner, she will open a dressmaking school.

The county commissioners are still considering as to the most advisable action to take in the suit for damages brought by reason of the giving way of a bridge at Zanesville.

The Rifles are about to secure a lease of the second floor of the Siemon building, opposite the cathedral, in the third floor of which building is located their armory. The new rooms will be fitted for their own use and to let out for social purposes. The improvement will be accomplished at some expense, but the boys expect to be repaid in time.

Prof. J. A. Macdonnell, who drilled the dancers for the Kirmess, has at hand letters from several different places soliciting his service in the art he is so proficient in. The most encouraging of these, perhaps, is one from Columbus, Ga., where he is likely to go because of the favorable conditions of weather. The professor commands good remuneration for his work.

Governor Hovey yesterday directed that Harry Burgess, recently sentenced to two years' imprisonment in the penitentiary by the circuit court of Hancock county, be transferred to the Reform school at Plainfield. Burgess was caught with the Adams and Daily gang of burglars and is under eighteen years of age. He will be held at the Reform school until he attains his majority.

The humane society is inactive. The society was organized and duly incorporated in December, 1887. There is at present an amount of money in bank to the credit of the society, but since Attorney M. L. Graff and Treasurer F. H. Barnard, who were members, moved from the city, no effort seems to have been made to accomplish any work. There is need of an active humane society.

On or previous to January 1, Mr. Tony Trentman will have the excavation for his new building commenced. The room formerly occupied by Herman Krohne and the one now tenanted by Fred Kimball stand upon the site for the new building, but the work of razing them will begin upon the removal of Mr. Kimball's stock to the store vacated by S. A. Karn. Mr. Kendrick has the plans for the building, which will be of brick, 10x60, and three stories high.

BIRMINGHAM, Ala., Dec. 18.—While about a dozen negro miners were playing craps at Brookside, Sunday night, a disturbance arose and every man drew a weapon. Indiscriminate shooting and cutting followed. Henry Horton, Will Rankin and two other negroes were fatally injured. The other parties to the fray escaped.

COUNCIL BLUFFS, Iowa, Dec. 18.—Ex-Congressman Joseph Lyman suffered another stroke of paralysis last evening, and his condition is so serious that little hope of his recovery is entertained.

ANN ARBOR, Mich., Dec. 18.—Judge Cooley, chairman of the inter-state commerce commission, arrived home from Washington last night in better health than when he left here. His physician says that he is not broken down, as claimed in dispatches from Washington, but instead is better than when he went there.

SAN FRANCISCO, Dec. 18.—The peculiar way in which the administration is aiding in the exclusion of Chinese was shown yesterday by the receipt from Washington, of the dismissal of Inspectors Reynolds, Rickards and Connelly, all of whom have been specially zealous in exposing the frauds of Chinese, who tried to get admittance as merchants and prior residents.

Inspector Reynolds recently revealed an attempt made by a Chinese briber to induce him to deliver to the Mongolian some custom house records, by which he could have landed many Chinese. Reynolds exposed this trickery in court, and counsel for the Chinese then swore that Reynolds would regret this act.

DR. McGLYNN.

The Distinguished Labor Orator at the Academy To-night.

Dr. McGlynn, one of the ablest orators of the country, will lecture this evening at the Academy of Music on the subject, "How to Abolish Poverty."

The doctor is a staunch defender of the labor cause and for years has engaged in the work of lecturing. He advocates views similar to those of Henry George. He is a logical, eloquent, and forcible speaker, and those who hear the distinguished orator will be charmed with his pleasing way of presenting his theme.

He is the guest of the Wayne hotel, where those wishing to meet the distinguished unfrocked priest can call.

Dr. McGlynn is brought here by the Trades and Labor council of this city and should be given a warm reception and a good audience to-night.

SURRENDERS HIS STAR.

Officer Wahrenburg Is Dismissed From the Police Force.

While it was anticipated to happen some time it was not expected that Officer Wahrenburg would be dismissed with the promptness that was made manifest by the police commissioners last night.

Mayor Harding presided at the meeting. The record of the officer was examined into and it was soon decided to dismiss the officer, and they voted to that effect.

Whatever may be said of Wahrenburg he made a wide-awake and sober officer. His one great fault was his hasty judgment in making arrests.

It is understood the case against John Mulen, which was dismissed, was the crowning error of Mr. Wahrenburg. That case was not investigated to the bottom.

Mr. Wahrenburg has a wife and large family dependent on him for support.

SUPT. METHEANY DEAD.

A Prominent Railroad Official and Former Fort Wayne Citizen Expires.

The following brief telegram was received at the offices of the Grand Rapids and Indiana railroad in this city to-day: "Superintendent Metheany died this morning."

This news was received with sad surprise in railroad circles and by others who know him.

Mr. Metheany got his start in this city and lived here years ago. His first work for a railroad company in this city was operator for the Pennsylvania company. He rose to the position of superintendent of the southern division of the Grand Rapids and Indiana railroad and upon his transfer to the northern division he was succeeded by Mr. P. S. O'Rourke, the present officer.

Mr. Metheany was also at one time a bookkeeper for Mr. M. E. Woodward, now of Pixley & Co., and their store was situated where the Hamilton bank now is.

His age was about fifty years. He died from heart trouble. Two children, son and daughter, both married, survive him, besides his aged mother.

A special car arrived from Grand Rapids this morning to convey the latter to her dying son's bedside, but ere its arrival he was dead. The car left this afternoon having on board Mrs. Metheany and Misses Josephine and Louise E. Strong, of 128 East Main street, which family has been intimate.

The funeral arrangements will be announced hereafter. A number from this city will attend the obsequies.

SUMMER AND WINTER.

Both Are Picturesquely Represented in Root and Company's Windows.

Mr. W. H. Brady, in his conception of dressing the show windows of Root & Company with winter and summer scenes, has captured the popular idea.

In the south window is a summer scene. A fountain is constructed of handkerchiefs, in the center of which real streams of sparkling water playfully rise and fall. At the base over and anon appears a train of cars pulled by a real miniature steam engine.

In the north window is a winter scene, where old Santa is in the act of going down the chimney. All around is snow, and in the background is a beautiful city, with its blazing lights as far as the eye can see. The painting that adds to this window setting so realistically is from the brush of Kover.

Miss Clara Klinkel observed her eighth birthday yesterday and in remembrance of it she received as a present a beautiful piano from her father, Mr. Michael Klinkel, the well-known Richmond conductor.

M'DONALD MIRRORED!

The Manager of the Fort Wayne Electric Company Sketched--Flashes From the Busy Centers.

The most notable, perhaps, of Fort Wayne's busy industries is the Jenney Electric Light company.

Its light is world-famed and sheds its brilliancy in many of the great cities of this nation, winning laurels wherever it goes.

Its general manager is the subject of the sketch—Ronald T. McDonald.

He was born in Allegheny City, Pa., and came to this city, with his father, in 1860. At the age of fifteen years, fired with the patriotism of the times, in 1864, he enlisted as a soldier in the 152d Indiana infantry and served until the war closed, retiring with the rank of sergeant major.

Upon his return to this city he entered the dry goods business as a clerk, becoming afterwards a member of the firm of Evans, McDonald & Co., and retired in 1881, to engage in the electric light business.

He brought to the position of general manager of the electrical company all those qualities of energy and enterprise which had distinguished him in business and from the very first year of his connection with it the Jenny company has prospered and to-day it is an immense establishment and is the pride of the city.

Mr. McDonald is a man of forty years of age. Devoted to the establishment whose business interests he controls and which demands his time and talents, he is one of the most prominent men in the electric light industries of the country and takes an interest in the affairs of the city. He is social, pleasant and popular and commands a wide circle of friends. Business push is his characteristic. Under his management the dark hours in the "Jenny's" history came. In a single night, a little over a year ago, the great industry was made a mass of smouldering ruins. The fire demon was a visitor at the works, and when our citizens gazed the next morning on the spot where its buildings stood when the sun set the evening before, nothing but crumbled and blackened walls met their sight. To-day they have grander and more commodious buildings than ever, and the "Jenney" can meet in the field and defeat, for the brilliancy and excellence of its light, any of its competitors.

This, to a great extent, is the result of the business push and energy of Manager McDonald.

TRYING TO SHUT OUT THE WABASH.

The Wabash Railway company began suit in the circuit court at Chicago Monday, against the Chicago and Western Indiana or Belt Line company. The Wabash people say that the defendants have given them notice that in the future they must refrain from using the tracks between Hammond, Ind., and Auburn Junction, belonging to the Belt Line. This, the bill says, will cut off the route of the Wabash line to Detroit, and greatly injure that company's business.

The complainants allege that a conspiracy has been formed between the Western Indiana and the Chicago and Eastern Illinois, Grand Trunk and other companies which use the Belt line's track, against the Wabash. The bill asks for an injunction restraining the defendants from taking any steps toward preventing the complainants from using the tracks.

The main contention of the Western Indiana people is on a clause in the contract which prohibits any of the lessees from using the tracks to give other roads an ingress to Chicago. The Western Indiana claims that when the contract was made, in 1879, it only contemplated an entrance into Chicago from St. Louis, and, in seeking a connection for its Detroit division, it is practically violating the clause in the contract which prohibits entrance to a new and competing line.

A special train, carrying the Vanderbilt party, on Friday last made the run from Fort Wayne to Toledo, over the air-line division of the Lake Shore, in two hours and thirty-eight minutes; distance, 136 miles. Extensive repairs have been made to this division the last year, and the Vanderbilt party were desirous of testing its safety for fast running.

The shipments of flour, grain and provisions from Chicago to the seaboard by the lines in the Central Traffic association, last week, aggregated 66,824 tons, against 47,704 for the week previous, an increase of 19,120 tons, and against 77,125 for the corresponding week last year, a decrease of 10,301 tons. The Vanderbilt lines carried 44.5 per cent. of the business, the Pennsylvania lines 22.3, the Chicago and Grand Trunk 16.3, and the Baltimore and Ohio 16.9.

The Jackson Wheel company of Jackson, Mich, has been merged into an organization composed of six of the largest wheel establishments in the country, consisting of the Sandusky Wheel company, of Sandusky, Ohio; Keyes Wheel company, of Terre Haute, Ind.; N. G. Olds & Co., Fort Wayne, Ind.; Woodburn & Sarven Wheel company, of Indianapolis, Ind.; Wapakoneta Wheel company, Wapakoneta, O.; and the Hoopes Brothers and Darlington Co., of West Chester, Pa. The new company will be known as the American Wheel company, and its main offices will be in Chicago.

"STOP"—Nature Has a Cure.

EATON RAPIDS, Mich.

J. M. LOOSE RED CLOVER Co., Detroit:—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, and in their diagnosis concluded that there was no earthly help or hope for me. I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract of Red Clover, as he had known of its working remarkable cures. I told him I had lost hope, that nothing would do me any good in the world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterward I sent for two more bottles, and it is wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence. Yours truly,

HENRY MARVIN.

A Praiseworthy Act.

To the Editor of the Sentinel.

In your issue of last evening you refer to a prominent doctor taking a young lady from a "big fellow," and locking her in his office. A braver or more honorable act was never done by any man than was done by this little doctor and he should be praised for it. The girl was innocent. The reputation of the big fellow is bad among all who know him and he needed just the rebuke and exposure the doctor gave him.

W. W. CHAMBERLAIN,

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1. We certainly would advise a trial. It may save you from consumption.

Mr. Moore, the postmaster at Bradshaw, Va., after reading an advertisement of Chamberlain's Colic, Cholera and Diarrhœa Remedy, concluded to try a small bottle of it. He says: "I used it in two cases for colic and three for diarrhœa with perfect satisfaction. One dose gave relief in every case but one, and that was a bad case of colic and required the second dose. I have handled a great deal of patent medicine as agent and for my own use, but never tried any that gave as good results as 'Chamberlain's Colic, Cholera and Diarrhœa Remedy.' For sale at 25 and 50 cents per bottle by George H. Loesch.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.

Two Mothers.

When two mothers claimed one and the same child, and the case was brought to "the wisest man that ever lived," the great king proposed to cut the child in two and give each mother half. One woman said, be it so done; the other protested that she would sooner lose her child than consent to such wicked injustice. And to the latter King Solomon passed the child saying "it is yours" If King Solomon was living to-day and he was asked which was the best clothing store in Fort Wayne, he would say, "Original Pete's, by all means." Why? Because you can get the best at the lowest prices.

Protesting Against the Sentence of Boulanger's Successful Opponent—The Germans Hang Bushiri.

PARIS, Dec. 18.—The Boulangists have convened a monster meeting to protest against the action of the Chamber of Deputies, in seating M. Jufferin, who ran against General Boulanger in the Montmarte district in Paris in the recent election. M. Marjuet, whose election was declared invalid by the chamber on Monday, has gone to the island of Jersey to confer with General Boulanger concerning the course to be followed by the Boulangists.

ZANZIBAR, Dec. 18.—Further particulars of the overthrow of Bushiri, state that the Germans killed thirty of the Bushiris at the time that Bushiri was captured and escaped. When the Wasogn afterward captured Bushiri in the jungle they surrendered him to Captain Wissman and received a reward of ten rupies. Bushiri was then hanged.

ZANZIBAR, Dec. 18.—The French explorer, Trivier, who crossed Africa from Loango to Quilame, has arrived here. He reports that the Portuguese in the Shire country are displaying extraordinary aggressiveness.

LONDON, Dec. 18.—Summons have been issued against Solicitor Arthur Newton, his clerk, Taylor, and interpreter, Degala, on a charge of conspiracy to defeat justice. It is understood that the solicitor obtained funds and otherwise assisted Hammond to escape to America.

ZANZIBAR, Dec. 18.—At the banquet given by Consul General Evan Smith, Stanley spoke in glowing terms of the good qualties of the Zanzibars who were with his party in the trip across Africa.

He practically gave them the credit of saving the expedition by their faithfulness and generosity. He said that while the party were on the verge of starvation in the forest, the Zanzibars collected edible fungi, and gave all to the Europeans, this alone keeping them from starving. The Zanzibars refused to touch the food until after the Europeans had eaten.

A PUGILISTIC MILL.

Austin Gibbons Knocks Out Mike Cushing in Twenty-four Rounds.

NEW YORK, Dec. 18.—Austin Gibbons, the young light weight of Patterson, N. J., knocked out Mike Cushing, the 129-pound champion, early this morning at a resort near Stamford, Conn., in twenty-four rounds. The battle was considered by authorities, like John L. Sullivan, Joe Lannon and Billy Madden, to have been one of the most evenly contested and hard fought that has taken place in the east for years.

Nearly 400 persons were present and probably $10,000 was wagered at the ring-side. The stakes were $500 a side and a purse of $1,000 had been guaranteed. Two ounce gloves were used and Queensberry rules governed.

Cushing was in poor, while Gibbons was in splendid form, and the latter made a great fight.

In the twenty-third round Cushing broke his wrist bone and in the twenty-fourth, as he could not use his broken right arm as a guard, he was knocked out completely.

NATURAL GAS EXPLOSION.

A Building Wrecked at Shelbyville, Indiana.

SHELBYVILLE, Ind., Dec. 18.—Natural gas exploded under A. L. Sparks' confectionery store last evening and wrecked the stock, together with that of a barber shop, a saloon and a harness store adjoining. The buildings were badly damaged.

A Bad Fire.

ROCKLAND, Me., Dec. 18.—Three lime kilns, one known as the old Cobb kiln, the others belonging to White & Case, together with Tibbell's station and about 2,500 feet of trestle work of the Lime Rock railroad and some railroad cars, were burned this morning, at 3 o'clock.

About the same time the freight depot of the Knox and Lincoln railroad was on fire, but this was extinguished without damage. The cause was incendiary. The aggregate loss is $18,750.

Shut Down for the Winter.

READING, Pa., Dec. 18.—The well-known Joanna furnace, at Joanna, this county, and the Jones iron ore mines, near by, closed down for the winter, probably for four months. The Jones ore mines are among the oldest in the country, ore having been mined 150 years ago, and almost continually since. Nearly 1,500 tons of pig iron are stored at the furnace, which will not resume operations until its overproduction is disposed of.

THE WABASH TRAIN WRECKER.

How Young Marquiss Came to Wreck the Wabash Atlantic Express.

WABASH, Dec. 18.—Yesterday William Marquiss, the Miami county lad who was arrested twelve miles north of Peru, for wrecking the Atlantic express on the Wabash railroad at Kellars, this county, last October, waived an examination, and his bond was fixed at $2,500, which he was unable to give. He is now in jail, where he weeps almost constantly. His father arrived in this city this morning, and stated to your correspondent that the day following the wreck he, suspecting that the lad had ditched the train, accused him of the crime, but his son denied it stoutly.

Further inquiry in the case reveals a startling phase of human nature and malicious intent upon railway property, without any thought as to imperiling human lives. From the confessions made at Peru to Supt. Gould, Chief Clerk LaBanta, and Detectives Furlong and Sollott, the eighteen-year-old boy did not, nor has he yet realized the enormity of his crime. When asked if he thought how many might have been killed, he said no, that had never entered his mind. His sole idea was to cause the company trouble in return for refusing him a ride.

The boy came to Peru on the day mentioned and walked to Wabash, fourteen miles, where he purchased a ticket to Peru, and he naturally built great expectations on the ride, as never before in his life had he ridden upon a train. Carelessly losing his ticket, and having no more money, he walked to Keller's Station and there endeavored to procure one to Peru, tendering his handkerchief in payment. Being refused this, he deliberately proceeded to break the lock and spike the switch and then immediately trudged on homeward.

The complete wreck of the train and narrow escape of all is well remembered. On this handkerchief clew the detectives traced down the case and arrested the boy in the country school-room. Marquiss shows no evidence of a weak mind and was always a bright scholar, and the whole is put down as due to petty, childish spite and disappointment over the first anticipated railway ride. This explodes the theory of a gang-organization of wreckers and also that of complicity with the wreckers on the Lake Erie and Western railway at Kokomo the same night, in which three men lost their lives.

A BOOTBLACK IN TROUBLE.

Tommy King Arrested for Stealing Flour Sacks.

This morning Officer O'Ryan arrested a bootblack named Tommy King for stealing sacks from the flour and feed store of A. Kalbacher & Co., on South Calhoun street.

The lad was locked up in the police station. He will probably be sent to the reformatory.

It is said that another bootblack named Miller was accessory to the theft and the officers will arrest him if found

The Shoe Strikers.

PORTLAND, Me., Dec. 18.—A. W. Shaw & Co., to day issued an address to the striking workmen in their Freeport shoe factory declining to submit to the interference in their business of the union or of parties from outside the state. They offer to restore as many of the strikers as they can find places for, and for six months to come to submit matters of personal grievances to a committee selected by Freeport citizens.

The union men employed in the shoe factory of Shaw, Gosling & Co., of this city went out on a strike this morning. The firm refuses to recognize the union in any way.

The Sugar Trust.

HARTFORD, Conn., Dec. 18.—The report from New York that the sugar trust has prepared to transfer its assets to a new corporation if the Court of Appeals pronounces the trust illegal is known here to indicate that the trust will seek refuge within the sheltering arms of the Commonwealth refining company, which was chartered by the Connecticut legislature last winter.

The home office of the company is fixed at New Haven by the charter, but all the principal business may be transacted in New York. The capital stock is $1,000,000, and may be increased $2,000,000.

Mr. Finis Cartwright, formerly superintendent of the Olds wagon works in this city, is now at Louisville, Ky., and is a prominent stockholder in the Cartwright wagon works.

CALLS FOR VENGEANCE.

A Woman Standing Over the Body of Her Murdered Husband, Asks That His Death be Avenged.

COLFAX, Wash., Dec. 18.—This town is wild over the murder of Thomas Click, a young farmer, by Ben Blanton, an ex convict and desperado. As Click and two neighbors were passing the court house, Blanton rushed out and began firing. Click was mortally wounded and the others had narrow escapes.

Click and his friends were witnesses against Blanton, who was being tried for assault with a knife. After Click's death, his wife, standing over his dead body, implored his friends to revenge his death. There is a standing guard over Blanton, but the chances are that he will be lynched.

MYSTERIOUS MURDER.

LAMAR, Mo., Dec. 18.—The body of a handsome and fashionably attired young woman, who had evidently been murdered, was found in the woods near town, Sunday evening, by some boys. The remains were at once brought to town and every effort is being made to solve the dark mystery.

The woman's skull was crushed and black and blue spots on the throat showed that she had been choked. The dress was of silk and all the clothing of the finest make and material but there was nothing by which to identify the beautiful victim. The pockets contained no article except a delicately scented white linen handkerchief. The hands are small and finely shaped, and one finger appears to have been slightly marked by a ring. The palms are evidently those of a person not accustomed to work, while the nails are well kept.

Everything indicates that the victim was a person of refinement. Hundreds of persons viewed the body yesterday, but no one could be found who had ever seen the woman before.

MAY LYNCH HIM.

CAIRO, Ill., Dec. 18.—Levi James, a negro, who murdered James Garvin, a brakeman on the Illinois Central railroad, at Fulton, Ky., was captured a few days ago by a negro detective, in Arkansas, who wired that the prisoner would reach Fulton Monday night.

The arrival of the 7 p. m. train found a posse of citizens prepared to string the prisoner to the first convenient tree. The city marshal gave the alarm at the water tank, some distance down the track, and the prisoner was taken off and transferred to a safe place in the country. The crowd was indignant and scoured the adjacent country in vain. The prisoner will be lynched if brought to Fulton for trial.

PARIS, Ky., Dec. 18.—Pat Hunt was hanged at 10:15 this morning.

GONE TO CANADA.

An Ex-Mayor of Coldwater, Mich., Proves a Big Defaulter.

COLDWATER, Mich., Dec. 18.—Ex-mayor P. H. Nichols has suddenly disappeared, leaving behind him debts amounting up toward $40,000, and it is believed he has gone to Canada to reside permanently.

It is alleged that his business methods have impoverished several families, among them needy widows, old soldiers, and others. His home on Marshall street is vacant, the furniture removed, and his books are in the possession of the sheriff.

Trains Collide.

CINCINNATI, Dec. 18.—Passenger train No. 10, on the Big Four road, bound here from Indianapolis, collided with a freight at McCoy's station, about sixty miles from this city, last night. Rumors reached this city that many lives were lost, but up to this hour (9 o'clock) there has been no confirmation of the reports.

One report put the number of casualties at twenty. At the train dispatcher's office it is not believed any people are hurt.

LATER.

Both engines were wrecked and several cars demiled.

The engineers and firemen escaped by jumping. No one was injured.

Want More Rights.

RICHMOND, Va., Dec. 18.—Last night, at a conference of leading colored men from various sections of the state, held here, a preamble and resolutions were adopted memorializing congress to pass a general election law, which would guarantee them a better right of suffrage than they now enjoy.

Able, eloquent, fluent and pleasing you will find Dr. McGlynn, at the Academy to night.

LOCAL LINES.

Dr. Neal Hardy, of Upper Sandusky, Ohio, is in the city.

Mr. Ed White has returned home from his foreign trip.

Mr. G. B. Wylie, of the Indianapolis *Journal*, is the guest of Mr. W. D. Page and family.

Mrs. Mary Rauner, of the St. Joe road, who had a severe attack of facial neuralgia, is a little better.

Miss Polly Gross, of the west end, will leave the latter part of this week for Grand Rapids on a visit.

Mrs. M. T. Jones, of Brackenridge street, entertained at ten last evening Mrs. H. J. Rossetter and Miss Francis Irene Fry.

Father Delaney's efforts to make the amusement rooms of Library hall more attractive than ever meet with approval. His work is not in vain.

Mr. Daniel Whitmer, driver of the U. S. mail wagon, is on duty again, after being confined to his home at 20 Baker street several days by illness.

The Ryan Bros. have purchased as an addition to their transfer business, another team of draft horses from Farmer Getz, of this county.

Jacob Martin and Lottie Martin, George D. Johnson and Maggie E. Perkins and Julius W. Baird and Sarah L. Ward have been licensed to wed.

Dr. U. G. Lipes has decided not to locate at Andrews, Ind., as he contemplated. He may accept a position at Cleveland, Ohio, the first of the year.

Mr. Ed. Logan, who does colored specialties on the stage, will leave for Cincinnati to join Nelson's World combination Sunday night. Mr. Logan is a Fort Wayne boy.

Mrs. Hallahan, of Fort Wayne, formerly from Dayton, Ohio, is soon to move to the state of Washington, where, with the aid of Miss Ola Sriner, she will open a dressmaking school.

The county commissioners are still considering as to the most advisable action to take in the suit for damages brought by reason of the giving way of a bridge at Zanesville.

The Rifles are about to secure a lease of the second floor of the Siemon building, opposite the cathedral, in the third floor of which building is located their armory. The new rooms will be fitted for their own use and to let out for social purposes. The improvement will be accomplished at some expense, but the boys expect to be repaid in time.

Prof. J. A. Macdonnell, who drilled the dancers for the Kirmess, has at hand letters from several different places soliciting his service in the art he is so proficient in. The most encouraging of these, perhaps, is one from Columbus, Ga., where he is likely to go because of the favorable conditions of weather. The professor commands good remuneration for his work.

Governor Hovey yesterday directed that Harry Burgess, recently sentenced to two years' imprisonment in the penitentiary by the circuit court of Hancock county, be transferred to the Reform school at Plainfield. Burgess was caught with the Adams and Daily gang of burglars and is under eighteen years of age. He will be held at the Reform school until he attains his majority.

The humane society is inactive. The society was organized and duly incorporated in December, 1887. There is at present an amount of money in bank to the credit of the society, but since Attorney M. L. Graff and Treasurer F. H. Barnard, who were members, moved from the city, no effort seems to have been made to accomplish any work. There is need of an active humane society.

On or previous to January 1, Mr. Tony Trentman will have the excavation for his new building commenced. The room formerly occupied by Herman Krohne and the one now tenanted by Fred Kimball stand upon the site for the new building, but the work of razing them will begin upon the removal of Mr. Kimball's stock to the store vacated by S. A. Karn. Mr. Kendrick has the plans for the building, which will be of brick, 30x60, and three stories high.

SAN FRANCISCO, Dec. 18.—The peculiar way in which the administration is aiding in the exclusion of Chinese was shown yesterday by the receipt from Washington, of the dismissal of Inspectors Reynolds, Richards and Connelly, all of whom have been specially zealous in exposing the frauds of Chinese, who tried to get admittance as merchants and prior residents.

Inspector Reynolds recently revealed an attempt made by a Chinese briber to induce him to deliver to the Mongolian some custom house records, by which he could have landed many Chinese. DR. McGLYNN.

The Distinguished Labor Orator at the Academy To-night.

Dr. McGlynn, one of the ablest orators of the country, will lecture this evening at the Academy of Music on the subject, "How to Abolish Poverty."

The doctor is a staunch defender of the labor cause and for years has engaged in the work of lecturing. He advocates views similar to those of Henry George. He is a logical, eloquent, and forcible speaker, and those who hear the distinguished orator will be charmed with his pleasing way of presenting his theme.

He is the guest of the Wayne hotel, where those wishing to meet the distinguished unfrocked priest can call.

Dr. McGlynn is brought here by the Trades and Labor council of this city and should be given a warm reception and a good audience to-night.

SURRENDERS HIS STAR.

Officer Wahrenburg Is Dismissed From the Police Force.

While it was anticipated to happen some time it was not expected that Officer Wahrenburg would be dismissed with the promptness that was made manifest by the police commissioners last night.

Mayor Harding presided at the meeting. The record of the officer was examined into and it was soon decided to dismiss the officer, and they voted to that effect.

Whatever may be said of Wahrenburg he made a wide-awake and sober officer. His one great fault was his hasty judgment in making arrests.

It is understood the case against John Mulen, which was dismissed, was the crowning error of Mr. Wahrenburg. That case was not investigated to the bottom.

Mr. Wahrenburg has a wife and large family dependent on him for support.

SUPT. METHEANY DEAD.

A Prominent Railroad Official and Former Fort Wayne Citizen Expires.

The following brief telegram was received at the offices of the Grand Rapids and Indiana railroad in this city to-day:

"Superintendent Metheany died this morning."

This news was received with sad surprise in railroad circles and by others who know him.

Mr. Metheany got his start in this city and lived here years ago. His first work for a railroad company in this city was operator for the Pennsylvania company. He rose to the position of superintendent of the southern division of the Grand Rapids and Indiana railroad and upon his transfer to the northern division he was succeeded by Mr. P. S. O'Rourke, the present officer.

Mr. Metheany was also at one time a bookkeeper for Mr. M. E. Woodward, now of Pixley & Co., and their store was situated where the Hamilton bank now is.

His age was about fifty years. He died from heart trouble. Two children, son and daughter, both married, survive him, besides his aged mother.

A special car arrived from Grand Rapids this morning to convey the latter to her dying son's bedside, but ere its arrival he was dead. The car left this afternoon having on board Mrs. Metheany and Misses Josephine and Louvia E. Strong, of 128 East Main street, which family has been intimate.

The funeral arrangements will be announced hereafter. A number from this city will attend the obsequies.

SUMMER AND WINTER.

Both Are Picturesquely Represented in Root and Company's Windows.

Mr. W. H. Brady, in his conception of dressing the show windows of Root & Company with winter and summer scenes, has captured the popular idea.

In the south window is a summer scene. A fountain is constructed of handkerchiefs, in the center of which real streams of sparkling water playfully rise and fall. At the base over and anon appears a train of cars pulled by a real miniature steam engine.

In the north window is a winter scene, where old Santa is in the act of going down the chimney. All around is snow, and in the background is a beautiful city, with its blazing lights as far as the eye can see. The painting that adds to this window setting so realistically is from the brush of Kover.

Miss Clara Klinkel observed her eighth birthday yesterday and in remembrance of it she received as a present a beautiful piano from her father, Mr. Michael Klinkel, the well-known Richmond conductor.

THE senate committee on pensions yesterday had up the dependent pension bill and referred it to a sub-committee consisting of Chairman Davis, Senators Moody and Faulkner for report at the next meeting. A favorable report was ordered on the nomination of Charles P. Lincoln, to be second deputy commissioner of pensions.

GOVERNOR-ELECT CAMPBELL, of Ohio, answers decisively in the negative the proposition of an enthusiastic friend who suggests his name for United States Senator. He says that so long as the lieutenant-governorship is in doubt, with the possibility of a republican holding the place, he would not consider himself eligible for the senatorship. Moreover, under no circumstances would he accept the senatorial position, a determination he announced before his election as governor.

THE supreme court of this state has just rendered the following decision: A county is liable for an injury sustained by one in the lawful use of a public bridge belonging to or in charge of the county, where the county authorities negligently suffer the bridge to become unsafe by the failure to exercise ordinary care in building or repairing it. But in order to sustain a recovery the plaintiff must show that the unsafe condition of the bridge was the proximate cause of the injury. While the complaint in this case shows that the plaintiff's horse was injured, there is no averment connecting the two facts, and for this reason the complaint is bad.

HAMILL HUSTLED.

A House-Breaker Sentenced to a Term of Two Years.

Sunday evening Arthur Hamill and young Kirkham, a chum, broke into the store of Horace Marriotte, securing about $20 in money. Both were arrested and Kirkham pleaded on Hamill.

Yesterday afternoon Hamill was arraigned before Judge O'Rourke who sentenced him to a term of two years in the penitentiary.

A MUD BATH.

A Runaway Which Almost Resulted Fatally to a Child.

Last night a farmer by the name of Wilhelm, living north of the city, was driving home about 10 o'clock. When some five miles from the city his team became frightened and ran away. It was dark and the mud a foot deep. His wife and twelve-months-old baby were thrown out of the wagon and owing to the darkness and confusion of the runaway, the farmer did not miss their absence until he had got the team under control a mile or more away. In falling out of the wagon the mother and baby became separated and before the child could be found it had almost been smothered to death, as it was completely enveloped with mud when found. The mother escaped injury.

For THE SENTINEL.

THE BRAVE WATCHMAN.

The December winds are blowing,
The queen of night, star crowned,
Had thrown her mantle of darkness
And silence all around.

No sound the stillness stirring,
But the even, solemn treat
Of the watchman whose noted courage
Fills the wrong doer's heart with dread.

Suddenly the footsteps halt!
The watchman's danger scents!
"That means no business over there,"
He to himself comments.

He took upon a corner stands,
Anxiously glancing 'round;
"Why does he so uneasy act?
Some mischief, I'll be bound."

And so our brave old watchman true,
Sends in a prompt alarm;
And with his billy straight proceeds
"The scoundrel" to disarm.

Behold! What bravery! All alone
He to the combat goes.
All police stations are in town
He's heard such gags as these."

And quickly round the corner swings
The "cop" with clatter and din.
And dazed, bewildered, the "scoundrel elle"
Is hurriedly hustled in.

And now my friends, that I have kept
You thus far in suspense,
The truth to you I now will tell.
Of this poor man's offence.

It chanced that his return that night
Was late; and his home far,
And on that fatal corner he
Had lingered for his car.

One Fact

Is worth a column of rhetoric, said an American statesman. It is a fact, established by the testimony of thousands of people, that Hood's Sarsaparilla does cure scrofula, salt rheum, and other diseases or affections arising from impure state or low condition of the blood. It also overcomes that tired feeling, creates a good appetite, and gives strength to every part of the system. Try it.

CATARRH.

Catarrhal, Deafness--Hay Fever--A New Home Treatment.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been formulated whereby catarrh, catarrhal deafness and hay fever are permanently cured in from one to three simple applications made at home by the patient once in two weeks.

N. B.—This treatment is not a snuff or an ointment; both have been discarded by reputable physicians as injurious. A pamphlet explaining this new treatment is sent free on receipt of stamp to pay postage, by A. H. Dixon & Son, 337 and 339 West King street, Toronto, Canada.—*Christian Advocate.*

Sufferers from Catarrhal troubles should carefully read the above.

Amusements.

John C. Rice, one of the partners in "My Aunt Bridget," is one of the most versatile actors on the stage to-day and a great favorite with the ladies. He is a splendid dancer, a good singer, and right in the front rank of comedians. He and Monroe divide the honors of the entertainment.

There is a dance by four people in "My Aunt Bridget," which receives four and five encores nightly. Fancy Lena Melville, Little Nellie Rosebud, John C. Rice and W. A. Mack. What a terpsichorean quartette!

John J. Raffael, who plays Albon's college chum, is a handsome young man with a superb baritone voice, which he uses to good advantage in the second act of "My Aunt Bridget." He never fails to get two and three encores.

Little Nellie Rosebud is one of the prettiest little soubrettes on the American stage, and a very clever actress and dancer into the bargain. Her work in "My Aunt Bridget" has gained for her more friends than anything in which she has heretofore appeared.

E'en though the face be not as fair,

Baby one Solid Rash

Ugly, painful blotched, sanitious. No rest by day, no peace by night. Doctors and all remedies failed. Tried Cuticura. Effect marvellous. Saved his life.

Cured by Cuticura.

Our oldest child, now six years of age, when an infant six months old was attacked with a virulent, malignant skin disease. All ordinary remedies failing, we called our family physician, who attempted to cure it; but it spread with almost incredible rapidity, until the lower portion of the little fellow's person, from the middle of his back down to his knees, was one solid rash, ugly, painful, blotched and malicious. We had no rest at night, no peace by day. Finally, we were advised to try the Cuticura Remedies. The effect was simply marvelous. In three or four weeks a complete cure was wrought, leaving the little fellow's person as white and healthy as though he had never been attacked. In my opinion, your valuable remedies saved his life, and to-day he is a strong, healthy child, perfectly well, no repetition of the disease having ever occurred. ELIJAH SMITH,

Boy Covered with Scabs.

My boy, aged nine years, has been troubled all his life with a very bad humor, which appeared all over his body in small red blotches. With a dry white scab on them. Last year he was worse than ever, being covered with scabs from the top of his head to the feet, and continually growing worse, although he had been treated by two physicians. As a last resort, I determined to try the Cuticura Remedies, and am happy to say they did all that I could wish. Using them according to directions, the humor rapidly disappeared, leaving the skin fair and smooth, and performing a thorough cure. The Cuticura Remedies are all you claim for them. They are worth their weight in gold

M'DONALD MIRRORED!

The Manager of the Fort Wayne Electric Company Sketched—Flashes From the Busy Centers.

The most notable, perhaps, of Fort Wayne's busy industries is the Jenney Electric Light company.

Its light is world-famed and sheds its brilliancy in many of the great cities of this nation, winning laurels wherever it goes.

Its general manager is the subject of the sketch—Ronald T. McDonald.

He was born in Allegheny City, Pa., and came to this city, with his father, in 1850. At the age of fifteen years, fired with the patriotism of the times, in 1864, he enlisted as a soldier in the 152d Indiana infantry and served until the war closed, retiring with the rank of sergeant major.

Upon his return to this city he entered the dry goods business as a clerk, becoming afterwards a member of the firm of Evans, McDonald & Co., and retired in 1881, to engage in the electric light business.

He brought to the position of general manager of the electrical company all those qualities of energy and enterprise which had distinguished him in business and from the very first year of his connection with it the Jenny company has prospered and to-day it is an immense establishment and is the pride of the city.

Mr. McDonald is a man of forty years of age. Devoted to the establishment whose business interests he controls and which demands his time and talents, he is one of the most prominent men in the electric light industries of the country and takes an interest in the affairs of the city. He is social, pleasant and popular and commands a wide circle of friends. Business push is his characteristic. Under his management the dark hours in the "Jenny's" history come. In a single night, a little over a year ago, the great industry was made a mass of smouldering ruins. The fire demon was a visitor at the works, and when our citizens gazed the next morning on the spot where its buildings stood when the sun set the evening before, nothing but crumbled and blackened walls met their sight. To-day they have grander and more commodious buildings than ever, and the "Jenney" can meet in the field and defeat, for the brilliancy and excellence of its light, any of its competitors.

This, to a great extent, is the result of the business push and energy of Manager McDonald.

TRYING TO SHUT OUT THE WABASH.

The Wabash Railway company began suit in the circuit court at Chicago Monday, against the Chicago and Western Indiana or Belt Line company. The Wabash people say that the defendants have given them notice that in the future they must refrain from using the tracks between Hammond, Ind., and Auburn Junction, belonging to the Belt Line. This, the bill says, will cut off the route of the Wabash line to Detroit, and greatly injure that company's business.

The complainants allege that a conspiracy has been formed between the Western Indiana and the Chicago and Eastern Illinois, Grand Trunk and other companies which use the Belt line's track, against the Wabash. The bill asks for an injunction restraining the defendants from taking any steps toward preventing the complainants from using the tracks.

The main contention of the Western Indiana people is on a clause in the contract which prohibits any of the lessees from using the tracks to give other roads an ingress to Chicago. The Western Indiana claims that when the contract was made, in 1879, it only contemplated an entrance into Chicago from St. Louis, and, in seeking a connection for its Detroit division, it is practically violating the clause in the contract which prohibits entrance to a new and competing line.

THE LOCAL BUDGET.

The eight hour movement is gaining force in many localities.

M. W. Gay has resigned his position at the Pittsburg car shops.

Martin Quay, of the Pittsburg blacksmith shops, is on the sick list.

Superintendent Gorham, of the Nickel Plate, was at Chicago yesterday.

The Lake Shore company will occupy their new offices in this city in a few days.

Henry Bosoker, traveling agent for the Olds works, went to St. Louis last night.

A. Aukenbrook, of the east yard car shops, is off duty from injuries received while at work.

F. J. Kanuga, baggage-master at the Pittsburg, Fort Wayne and Chicago railroad, is at Chicago.

O. C. Chambers, of Peoria, Ill., freight and passenger agent, of the Santa Fe route, is in the city.

Jerry Foley has resigned his position at the Jenney and is now employed at the Fort Wayne organ factory.

The ticket scalpers seemingly have a spite against the Pennsylvania lines, and have been gathering up mileage tickets of those lines, paying face value for them over to competitors as evidence that the Pennsylvania is dealing with scalpers.

A new Railroad Young Men's Christian Association building was dedicated at Albany, N. Y., last Sunday.

Louis Rodebaugh, spoke turner at White's wheel works, who has been ill for the past week, has returned to work.

F. Dagels, of the Kerr-Murray works, who has been suffering from injuries received to his foot, has returned to work.

Officer O'Ryan, the policeman at the railroad, found a satchel last night which the owner can have by proving property.

The Pittsburg blacksmith shops have started on a new order for material for 150 gondola cars. The department is working a full force ten hours.

William Wolf, of the Logansport shops, who has been in the city for some time, looking into the work at the Pittsburg shops, has returned home.

A sixteen-page folio pamphlet has been issued from the headquarters of the National Electric Light association, at New York, giving details of the eleventh convention and annual meeting of the association, to be held in Kansas City, February 11 to 14 inclusive.

A special train, carrying the Vanderbilt party, on Friday last made the run from Fort Wayne to Toledo, over the air-line division of the Lake Shore, in two hours and thirty-eight minutes; distance, 136 miles. Extensive repairs have been made to this division the last year, and the Vanderbilt party were desirous of testing its safety for fast running.

The shipments of flour, grain and provisions from Chicago to the seaboard by the lines in the Central Traffic association, last week, aggregated 66,824 tons, against 47,704 for the week previous, an increase of 19,120 tons, and against 77,125 for the corresponding week last year, a decrease of 10,301 tons. The Vanderbilt lines carried 44.5 per cent. of the business, the Pennsylvania lines 22.3, the Chicago and Grand Trunk 16.3, and the Baltimore and Ohio 16.9.

The Jackson Wheel company of Jackson, Mich, has been merged into an organization composed of six of the largest wheel establishments in the country, consisting of the Sandusky Wheel company, of Sandusky, Ohio; Keyes Wheel company, of Terre Haute, Ind.; N. G. Olds & Co., Fort Wayne, Ind.; Woodburn & Sarven Wheel company, of Indianapolis, Ind.; Wapakoneta Wheel company, Wapakoneta, O.; and the Hoopes Brothers and Darlington Co., of West Chester, Pa. The new company will be known as the American Wheel company, and its main offices will be in Chicago.

"STOP"—Nature Has a Cure,

EATON RAPIDS, Mich.

J. M. LOOSE RED CLOVER CO., Detroit:—Two years I was afflicted with a very severe attack of Erysipelas. After two physicians had used their treatment for several weeks and I continued growing blind, and in their diagnosis concluded that there was no earthly help or hope for me, I gave up, having tried all the remedies I knew or heard of. My neighbor, Mr. Miller, came in to see me one day, and said try Loose's Extract of Red Clover, as he had known of its working remarkable cures. I told him I had lost hope, that nothing would do me any good in the world. He insisted, and taking his hat went to the drug store and bought me one bottle and urged me to try it, which I did. Ten days afterward I sent for two more bottles, and it is wonderful how I improved. I continued using it and to-day I am better than I have been in years. No sign of erysipelas has shown itself and I heartily recommend it to suffering humanity as the greatest and best blood purifier in existence. Yours truly,

HENRY MARVIN.

A Praiseworthy Act.

To the Editor of the Sentinel:

In your issue of last evening you refer to a prominent doctor taking a young lady from a "big fellow," and looking her in his office. A braver or more honorable act was never done by any man than was done by this little doctor and he should be praised for it. The girl was innocent. The reputation of the big fellow is bad among all who know him and he needed just the rebuke and exposure the doctor gave him.

W. W. CHAMBERLAIN,
Rich Hotel.

Interested People.

Advertising a patent medicine in the peculiar way in which the proprietor of Kemp's Balsam for Coughs and Colds does, is indeed wonderful. He authorizes all druggists to give those who call for it a sample bottle free, that they may try it before purchasing. The large bottles are 50c and $1. We certainly would advise a trial. It may save you from consumption.

Mr. Moore, the postmaster at Bradshaw, Va., after reading an advertisement of Chamberlain's Colic, Cholera and Diarrhœa Remedy, concluded to try a small bottle of it. He says: "I used it in two cases for colic and three for diarrhœa with perfect satisfaction. One dose gave relief in every case but one, and that was a bad case of colic and required the second dose. I have handled a great deal of patent medicine as agent and for my own use, but never tried any that gave as good results as 'Chamberlain's Colic, Cholera and Diarrhœa Remedy.' For sale at 25 and 50 cents per bottle by George H. Locash.

Worth Hundreds of Dollars.

My wife only used 2 bottles of "Mother's Friend" before her third confinement. Says she would not be without it for hundreds of dollars. Had not half as much trouble as before. DOCK MILES, Lincoln Parish, La. Write The Bradfield Regulator Co., Atlanta, Ga., for further particulars. Sold by all druggists.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle.
